

## RoHS Directive 2002/95/EC Compliance Statement

The European Union's RoHS Directive 2002/95/EC restricts the six materials listed in the following table:

Material	Quantity Limit by Mass
Lead (Pb) Mercury (Hg) Hexavalent Chromium (Cr) Polybrominated Biphenyls (PBB) Polybrominated Diphenyl Ethers (PBDE)	0.1 % (1000 PPM)
Cadmium (Cd)	0.01% (100 PPM)

Diemat's **adhesive products** do not contain (intentionally added during their manufacture) any of the six RoHS-restricted materials. The content of these restricted materials in Diemat adhesives is less than the applicable limits as shown in the table above.

The following table summarizes the RoHS status of Diemat's adhesive products:

Product Series	RoHS Status
DM3000 series	Complies
DM4000 series	Complies
DM5000 series	Complies
DM6000 series	Complies
Sk70 series	Complies
Sk100 series	Complies

Diemat's **sealing glass products** do not contain (intentionally added during their manufacture) Cd, Cr, Hg, PBB, or PBDE. The content of these five restricted materials in Diemat glass products is less than the applicable limits as shown in the table above. Some Diemat glass products contain lead (Pb) exceeding the applicable quantity limit. This lead is in the form of lead oxide (PbO).

Diemat considers its **sealing glass preforms** (DM2700PF and DM2760PF products) and **sealing glass pastes** (DM2700P and DM2760P products) when used as "glass of ... electronic components" to be exempt under Clause 5 of Annex A of the Directive. This exemption was re-affirmed in a Commission Decision which expanded exemptions on June 10, 2009 (<http://eur-lex.europa.eu/LexUriServ/LexUriServ.do?uri=OJ:L:2009:148:0027:0028:FN:PDF>).

This position is clarified in section 5 of Annex C of the UK BIS's RoHS Guidance Notes, available at <http://eur-lex.europa.eu/LexUriServ/LexUriServ.do?uri=OJ:L:2003:037:0019:0023:EN:PDF>

The following table summarizes the RoHS status and lead content of Diemat's sealing glass products:

<b>Glass Product Type</b>	<b>Glass Type</b>	<b>Nominal Lead (Pb) Content by Mass</b>	<b>RoHS Status</b>
Preforms	DM2700PF	65%	Exempt if glass in electronic component
	DM2710PF	65%	
	DM2760PF	70%	
Paste	DM2700P	58%	Exempt if glass in electronic component
	DM2710P	58%	
	DM2760P	63%	

**All members of the Diemat DM2900 Series sealing glass products are Pb-free and fully compliant to RoHS standards.**

**Diemat Supplier Information**  
(in IPC-1751 declaration format)

Company Name	Diemat, Inc.
Company Unique Identifier (DUNS)	60-400-3939
Response Date	5 May 2010
Contact Name	Kevin McLaughlin
Phone – Contact	+1 978-499-0900
Email – Contact	<a href="mailto:k-mclaughlin@diemat.com">k-mclaughlin@diemat.com</a>
Authorized Representative	Terrence Hartman
Phone – Representative	+1 978-499-0900
Email – Representative	<a href="mailto:t-hartman@diemat.com">t-hartman@diemat.com</a>

**Diemat, Inc.**

19 Central Street  
Byfield, MA 01922
